

**INTRODUCTION TO THE DVD**  
**Manifesting Through Sound – Mo Wheeler**  
**DVD Creator, Voice-Over and Drums – Peter Champoux – 2/13/18**

**Do not play this DVD in your automobile.**

This work is brought to your attention by Dr. Mo Wheeler, who founded Energy Healing Partners, a nonprofit corporation, in 2004. The partners are a group of volunteers and helpers—both seen and unseen—who are dedicated to co-creative work with Higher Power for the improved health and well-being of earth and its inhabitants. The team brings their diverse talents together to develop and manifest energy healing. The purpose of this work is to help us have the hope and courage that can result in peace, understanding and acceptance of diversity.

The Energy Healing Partners team co-creates with Spirit to express thought forms needed to heal the planet and its inhabitants. Most of the team use dowsing tools (such as pendulums, L-rods, forked sticks, energy testing) to access Higher Power and ask for help. Some use intuition as well. We may ask about where to find water sources, what vitamins to take, how we can improve our health, etc. By dowsing whether guidance wants more, less, or different words, the team has written the intentions in words Spirit can then use to help us.

Mo is a retired psychologist and university professor. In 2001, she turned sixty, was gifted with a powerful and unique energy, and became an ordained minister. There is a level of complexity in the intentions that have been channeled which makes them difficult to describe in this DVD. Spirit has given Mo the gift of *spontaneously* translating the intentions into sound languages that Spirit can then use to manifest them. Thus, you may not understand some of the statements (or the sounds—Mo doesn't either!)—but you don't need to for them to be helpful.

The team deeply appreciates the hard work of Peter Champoux in producing this DVD. Included in the DVD are the following topics, with the time on the DVD when they begin. We suggest you start at the beginning for your first time, but later you may want to replay certain sections. Only one time is needed to receive the benefit.

in *Healing for Water*, may be upsetting to young children—or  
others. Discretion is advised.**

## **INTENTIONS FOR HEALING THE HEART MIND (0:02:29)**

**Mo Wheeler © 2005 - Revised with Peter Champoux 5/19/2017**

Many acknowledge the heart as having intelligence. We define “intelligence” as the proteins of an organ having the ability to make decisions independently. There are many organs in our body that do this. The original Heart Mind Intentions were developed so that they can now be reduced to one step. It addresses the heart as an intelligent organ and asks for healing for any damage that has been done in the past and for prevention of future interference. Mo manifests the intentions by saying:

*“I want the intentions for Heart Mind healing.”*

## **SPIRIT DANCE – A Dance of Intention (0:04:44)**

**Mo Wheeler and the Energy Healing Partners Team © 2017, revised 8/11/17**

One day, Sitting Bull connected with the Energy Healing Partners team as another unseen helper. He was a Lakota tribal chief and holy man in the late 1800s. Sitting Bull promoted a “Ghost Dance” that called upon their ancestors for help—asking for peace, prosperity, and unity of the native people of the region.

Our Spirit Dance is one of intentions rather than movement and is fully supported by Sitting Bull from the Other Side. In the process of requesting these new intentions, we honor both the ancestors and the many spiritual helpers who work with the Energy Healing Partners team. First, Mo will read them. And then, *let the dance begin!*

Mo says:<sup>1</sup> **(0:05:52)**

“In the name of the Omniverse, I want complete healing of all feelings, memories, and karma throughout all time and space that prevent us from moving forward in the new paradigm; I want the peace and clarity that pass all understanding of air, water, lands, living beings and sentient beings.

“In the name of the Omnipresent MOM, I want forgiveness to and from all living beings; I want the pipe of peace cleaned of the ashes of the past and a new smoke prepared and shared for the establishment of a new beginning.

“In the name of unconditional love into infinity, I want a total phase shift. I want 12 vortex at each point of crossing waves to strengthen the continuum. I want renewed energies filled with peace, unconditional love, and understanding. I want the integrity of the energy fields maintained and kept in the present and on a course that is absolutely 100% pure. I want systems reset.”

<sup>1</sup>With deep gratitude to co-workers on the Energy Healing Partners Team for their assistance in co-creating this dance of intention: Merrill Cook, Wells Christie, Peter Champoux, Mary Fitzgerald, Rebecca Gurland, David Roddy, Georgette Roddy, and Steve Herbert.

**INTENTIONS FOR HEALING WATER (0:08:42)**  
**Mo Wheeler and Peter Champoux - 4/16/17**

**We are 65% to 75% water. This healing is also for *you!***

1. Guidance that is absolutely 100% pure:
2. I want these intentions installed in  $M^\infty$ Os.
3. I want these intentions manifested into infinity.
4. I want the intentions translated to make this absolutely 100% permanent in the omniverse and beyond.
5. I want these intentions installed in water so that it is complete and updated automatically for the highest good.
6. I want healing to be for the highest good of water.
7. I want water on a continuum from crossing waves to power point and power point to crossing waves.
8. I want the forces of heat, spin, light, pull, water, sound, and rhythm to be absolutely 100% pure.
9. I want water to be safe multidimensionally.
10. I want a total phase shift.
11. I want all pollutants and their effects removed from water.
12. I want a healing energy current to flow through water.
13. I want the sea poles that have been installed placed in a grid to purify water and imbue it with love and gratitude.
14. I want each molecule of water to bless every other molecule of water.
15. I want the angle of bonding to be ideal.
16. I want all negative emotions cleared from water's physical cells and water's smaller than smaller thans; and I want clearing to occur from water's Higher Self, from the Associator of the Receiving System, and from the Potentiating System.
17. I want water to remember its original self and be absolutely 100% pure.

18. I want calliope of water to rotate *for the highest good*.
19. I want the *Heart Mind Healing Intentions for Water*.
20. I want water connected to its Divine Self.
21. I want *Healing of Earth's Memories, Chapter 1*.
22. I want water absolutely 100% pure, and I want peace, love and understanding.
23. I want to go to a place in the continuum where the energy is clear of biosphere disturbances and duality is only for the highest good, and I want this translated into the mode of communication needed to help the Higher Self flow.
24. Guidance.

## **M<sup>∞</sup>Os (M Infinity O's) (0:17:19)**

**Mo Wheeler, Wells Christie and Merrill Cook, 2012**

**M<sup>∞</sup>Os** is unconditional love—into infinity. **M<sup>∞</sup>Os** represents a commitment by Higher Power to not forsake earth in its time of greatest need. It recognizes the untruths of the past and heals the traumas that have left us vulnerable. It ushers in the possibility for everyone, if they so choose, to ascend to a higher vibration and realize full potential.

You can benefit from our energy healing intentions, restore the strengths of your energy heritage and transmit unconditional love—into infinity—by simply saying, “I want irrefutable M Infinity O's.” You are only asking for *absolute truth*. You only need to say it one time, and it will be automatically updated:

***“I want irrefutable M<sup>∞</sup>Os.”***

Here are some of the many energy-based treatments that are included in **M<sup>∞</sup>Os** for healing various issues affecting the planet and its inhabitants:

Smoking Cessation	Negative Thinking
Drug and Alcohol Abuse	Climate Change
New Consciousness	Earth Movement
The New Human	Healthy Aging (Well Being, Dementias, Addictions, etc.)
Supporting Healing for Viruses and Cancer	Earth's Water
DNA Upgrades	Immune System Upgrade
Post-traumatic Stress
