

## INTENTIONS TO SUPPORT FOR HEALING OSTEOPOROSIS

Rev. Mary “Mo” Wheeler, PhD and the Energy Healing Partners Team

This video is intended to support healing for osteoporosis. It is not intended as medical advice or as a substitute for professional medical care. *Osteoporosis* is a disease that causes bones to become weak and prone to fracture... Bones that were once dense and strong may be unable to withstand the stress of even normal activity. Osteoporosis can occur in both women and men.

Because there will be statements in the intentions related to the DNA, I need to be *heard or seen* saying these intentions in order for *all* of them to be carried out completely, OR, *you* can hear someone else say them and then you say, “*Mo, please help.*” Two people need to be involved so that there is a witness to the work.

Some statements are so ancient that we can’t possibly understand them. I simply say, “I want this intention manifested,” and Spiritual helpers carry it out. I have many different types of helpers, and for many statements in this work I call on a particular one to help. They include animals, birds, trees, minerals, and even letters of the alphabet! They are all pure and wonderful helpers.

With “M Infinity O’s,” you are asking for *unconditional love (M) into infinity in all there is (O)*, and the work of the Energy Healing Partners Team that cannot be refuted will be manifested for you, if needed. You only need to say it once.

Because some of this work will occur at the molecular level, you need to allow at least 29 days for completion.

3. I want these intentions in M<sup>∞</sup>Os.
